The Indigenous Women's Summit is a 2-day event dedicated to empowering Indigenous women through storytelling, collaborative workshops, and discussions about issues we face within our society. Building on the success of the past two years, expect to connect & network with over 200 like-minded attendees and Indigenous female leaders from across the nation.

In supporting NATOA events, you are helping NATOA become an independent organization that serves to meet the needs of both the grassroots Indigenous Trust communities & its professional supporters. NATOA is counting on your support for our upcoming events. Join us in our mission towards providing Indigenous Peoples of Canada with the resources and information they need financially to benefit our future generations of Canada.
